• Auger Drill SDD Series

- High output torque using high speed hydraulic motor
- Easy mounting and dismounting on 5~45 ton excavator at anytime
- Utilizes crusher Hydraulic line
- Much deeper drilling is possible with extension boom mounting
- Can be applied for ground release drilling, ground investigation, before sheet piles,

Model	Unit	SDD 1100	SDD 2400	SDD 4000	SDD 6000
Output Torque	kg-m	1,100	2,400	4,000	6,000
	ft-lbs	7,956	17,360	28,933	43,400
Case Drain Required		Yes	Yes	Yes	Yes
Rotating Speed	rpm	35~55	35~55	40~60	50~100
Operating Pressure	bar	280	280	280	280
	psi	4,060	4,060	4,060	4,060
Oil Flow	l/min	50~100	120~200	180~240	200~260
	gpm	13~26	32~53	48~64	53~69
Operating Weight	kg	350	600	650	730
	lbs	770	1,320	1,430	1,606
Applicable Carrier	ton	5~8	12~25	25~35	25~45

※Exclude auger extension boom weight. / Materials and specifications are subject to change without prior notice.
